

ZEB KENDALL AFTER A LEASE AT MANHATTAN

SPENDS FEW DAYS LAST WEEK
IN LOOKING OVER THE
NORTHERN CAMP

Zeb (Shorty) Kendall, who is familiarly known in Nevada and well known in all parts of the mining world, was in Manhattan a few days ago having a general look over the district with a view of securing ground for the operation of a lease, says the Manhattan Mail. He spent several days looking over the various properties and while he did not give out anything definite as to his intentions, it is known that he made overtures to some of the mine and lease owners here to secure a holding. There is little doubt that he will soon close negotiations with some of the property holders.

The advent of Zeb Kendall in the Manhattan mining district is very significant. He is well known as a most careful and successful operator and it can be taken for granted that when he turns his attention toward a district there is something there worthy the attention of any and all mining men. The announcement that Mr. Kendall was here to look over mining property has already had its effect by increasing the interest now generally manifest in this district.

Mr. Kendall will return here in a short time, when he will no doubt close one of the deals under consideration, or possibly more than one. Definite announcement will then be made of his connections in the camp and plans. There is no doubt that he will pursue very aggressive development of any mining property he acquires.

OPERATIONS ARE RESUMED AGAIN AT BELCHER SHAFT

Work was resumed on Monday morning in the Belcher mine, the new electric hoist having been installed and thoroughly tested out, the surface equipment placed in first-class working condition, and affairs at the mine in all departments being ready for resumption of mining operations. It is of interest to recall that the rehabilitation of the surface works at the Belcher has been brought about all within ten weeks, the date of the disastrous fire being on the evening of Tuesday, August 9, when the flames wiped out every vestige of the hoisting plant. The management of the mine lost no time in clearing up the wreck, the work of reconstruction beginning almost before the bent and twisted iron work had had a chance to cool off. The result has been that in a remarkably short space of time the surface equipment of the mine has been entirely replaced with up-to-date modern machinery and corrugated iron buildings, so that the property is now in excellent physical condition and starts off in better shape than ever. During the interruption of work in the mine the shaft has been kept in good repair and in all levels of the mine everything was in shape for work today.

At the time of the fire the Belcher mine was reported to be working in an improved grade of ore, and the weekly report for that week showed that the extraction was 143 cars of ore averaging \$7.96 per ton from stope No. 1 on the 200 level and 122 cars averaging \$7.53 from No. 2 stope on the same level. Work was also under way in the raise on the 300 level, in northeast crosscut No. 1, and 27 cars averaging \$5.95 were saved. Operations have been resumed at these same points and the extraction of ore is now under way again and shipments made to the Yellow Jacket mill.

SUDDEN DEATH WAS CAUSED BY HEART FAILURE

CORONER'S JURY INVESTIGATES
DEMISE OF HERMAN
TRUEMAN

Justice of the Peace H. H. Atkinson, as ex-officio coroner, held an inquest over the remains of Herman Trueman last evening and the jury returned a verdict of death due to heart failure caused by fatty degeneration of that organ. Trueman was found dead in bed Monday evening, after he had been missing for two days. All the evidence pointed to heart failure and the facts brought out were strictly along this line.

Judge Atkinson late last evening received a telegram from the father of the deceased, stating that he was on his way to Tonopah and on arrival here would make arrangements to send the body to Grand Junction, Colo., for interment. The old family home is at Grand Junction.

BIG FORCE IS NOW WORKING AT BORAX MINE

OUTPUT FROM SMITH PROPERTY EXCEEDS 2500 TONS PER MONTH

John Ryan, general manager for the Tonopah and Tidewater railway and representative for "Borax" Smith in other capacities, was in Rhyolite the first of the week in his private car, says the Rhyolite Herald. He was accompanied by his daughter, Miss Kathryn Ryan.

Mr. Ryan came here on business connected with the United States Borax company, continuing his journey from here to Independence, the county seat of Inyo county, Cal., in which the company's properties are situated.

Mr. Ryan stated that 75 men are employed at the Lila C Borax mine, owned by the Smith interests. The output is about 2500 tons a month, the product being known as colmanite, which is about 40 per cent borax. Unlike the swamp deposits, colmanite occurs in veins, like deposits of quartz ore. The Lila C colmanite vein is one of the largest as yet found.

Shipments from the Lila C are made to New York and Alameda. The Smith interests have a force of men at work in Death Valley, doing the annual assessment work on borax locations.

MUSICAL FESTIVAL AT ST. MARK'S

The special service at St. Mark's next Sunday night has been planned as a fitting expression of some of the best musical phases of the devotional life of historic Christianity. It will not be a perfect presentation of that central idea, but a humble effort to continue in the line followed by the English and American congregations of the Anglican communion. The service gives the fraternities an opportunity, along with the parishioners and friends of the present rector, to emphasize by their presence that hearty good will and esteem which can best be shown in a place of worship and instruction. As the last opportunity of the priest to present to the united congregations his almost parting thoughts, he would kindly urge the attendance of all who approve Christian teaching, worship and work.

SAYS TONOPAH IS BANNER CAMP OF THE STATE

RAILROAD AGENT DECLARES
ATTENTION IS AGAIN RIVETED
TO THIS SECTION

J. M. Fulton, district freight and passenger agent of the Southern Pacific railroad, with headquarters in Reno, arrived from Goldfield yesterday morning and spent the day in this city looking after business. Mr. Fulton paid Tonopah a fine compliment and declared the present conditions, as existing here, appeared to indicate that there was no doubt of the permanency of the district. Considering that this is his second visit here, he was quite familiar with the different properties and spoke enthusiastically of the Belmont and Mizpah workings.

"Tonopah has given every indication," said Mr. Fulton, "that the next year or two will show this camp to be greater and better than ever before in its history. It is the banner camp of the state and is again attracting attention from the great outside mining world."

SUMMONS.

IN THE DISTRICT COURT OF the Fifth Judicial District of the State of Nevada in and for the County of Nye.

Cleto Brown, Plaintiff, versus Jesse Brown, Defendant.
Action brought in the District Court of the Fifth Judicial District of the State of Nevada, in and for the County of Nye, and the Complaint filed in said County of Nye, in the office of the Clerk of said District Court.

The State of Nevada sends greeting to Jesse Brown, Defendant. You are hereby required to appear in an action brought against you by the above-named Plaintiff in the District Court of the Fifth Judicial District of the State of Nevada, in and for the County of Nye, and to answer the complaint filed therein, within ten days (exclusive of the day of service) after the service on you of this summons, if served within this county; or, if served out of this county, but in this district, within twenty days; otherwise, within forty days; or judgment by default will be taken against you, according to the prayer of said complaint.

The said action is brought to obtain an absolute decree of divorce from you, and to have the bonds of matrimony now existing between you and the plaintiff dissolved. Said action is brought on the ground that on or about the 15th day of February, 1902, at Kansas City, in the county of Wyandotte, state of Kansas, you, disregarding the solemnity of your marriage vows, willfully and without cause deserted the plaintiff, and that ever since you have continued to so willfully desert and abandon plaintiff, and live separate and apart from her, without sufficient cause and with no reason and against her will and without her consent.

And you are further notified that if you fail to appear and answer said complaint, as above required, said plaintiff will enter your default herein and apply to the Court for the relief demanded in said complaint, a certified copy of which will be served upon you together with a copy of this summons.

Given under my hand and the Seal of the District Court of the Fifth Judicial District of the State of Nevada, in and for the County of Nye this 9th day of September, in the Year of Our Lord One Thousand and Nine Hundred and Ten.

JAS. F. DENNIS,
Attorney for Plaintiff.

COMEDY THAT IS REAL FUNNY TO BE SHOWN

SPLENDID ASSORTMENT OF PICTURES FOR TONIGHT AT
THE BUTLER

The program of the Butler for today is as follows: "Bumptious As a Fireman," another of those funny comedies in which that extremely awkward individual, Bumptious, again makes his appearance. "From the Arctic to the Tropics" is one of a series of pictures taken in the Andes mountains in South America. "Unconscious Heroism" as a story of the devotion of a young French lad who risks his life in order to save his sister. This picture is very appealing and the plot is exceptionally good. "Tactics of Cupid" is a beautifully colored picture depicting Cupid at work. The character of Cupid is taken by a small child, and so well is it done that the figure on the screen seems actually endowed with life. "Sunset" is one of those beautiful scenic views that defy description. All the fleeting shadows and lights are so faithfully reproduced that it makes one feel as though one were actually witnessing the beautiful scenery instead of seeing the reproduction on the screen.

ST. PATRICK'S CHURCH
There was a large attendance last night at St. Patrick's church to hear the Paulist father, the Rev. Father McMullen, preach. For the benefit of those who have not already attended these services, they are requested to come early if they wish to secure seats.

Beginning at 7:30 p. m. the services will be as follows:

Rosary.
Tenor Recitative, "Comfort Ye My People," Messiah, Heindel, Mr. Arthur Borrowers.

Sermon, the Rev. Father McMullen.

Benediction.
Music—"O Salutaris," Ricci, by the choir; "Tantum, Ergo," Weber, choir; Responses, Laudate, choir; "Escit," organ solo.

Services are held every day at 7 a. m. and 9 a. m.

PROFESSIONAL CARDS.
